This Motion is put forth to Amend the Rule Book to read as follows:

"A qualified list of all eligible and willing judges shall be provided to the show committee by the Judges Committee. The list shall be compiled by the Judges Committee by a questionnaire sent to all judges that are eligible to judge the respective show. The Questionnaire shall include directions to return the questionnaire to the Judges Committee with a specified address and by a specified date by which the questionnaire shall be returned. The Show Committee shall place each name on the list on a separate tab which shall contain no more than one name per tab. Each tab shall be equal in size and shape; all tabs with names on them shall be placed into a hat. Each name shall be entered one time. The Show Committee shall then draw names from the hat matching the number of judges and alternates for the respective show. Each show shall have a minimum of three (3) judges to judge each class, with any number greater than three (3) left to the discretion of the Show Committee. If more than three (3) judges are to be utilized, the use of all judges or any method of rotation shall be left to the discretion of the Show Committee. The procedure of the "drawing of the judges names from a hat" shall be visually recorded with no cuts or breaks in the recording, the use of two (2) recording devices is recommended. Before being placed in the hat each tab containing a name from the list shall be clearly presented to the recording and shall be legible on the recording. After such a presentation the tab containing the name shall be placed immediately into the hat which is to be used for the drawing. Once all tabs have been placed into the hat, they shall be shuffled, then the names shall be drawn one at a time and immediately produced in a legible manner

to the visual recording. Each name drawn shall be a judge. Names shall continue to be drawn until the required number of judges has been met for the respective show. After the judge spots have been filled the next names drawn shall be the Alternate Judges to meet the required number of alternate judges. All spots whether a Judge or Alternate shall be filled in the order by which the tab was drawn. The entire drawing process shall be visually recorded and said recording shall be made available to view at the RHBAA office, or shall be posted on the internet. Viewing of the recording at the office shall be arranged through one's state director.
